

Patama Chantaruck

Country Managing Director of Accenture Thailand

Received three 2018 Stevie awards (Female Executive of the Year, Mentor or Coach of the Year, and Women Helping Women), 2019 Top Businesswomen award, while also being recognized as a finalist of the Lifetime Achievement Global category of Women in Tech award, Patama Chantaruck has established herself as one of the foremost experts on digital transformation. Her mission is to help customers optimize their IT investments and be more successful in a new era of the fourth industrial revolution.

With extensive experience in solving complex business problems at the global, regional and country levels, managing large teams and 13-years of overseeing worldwide high-growth and turnaround business operations, Patama is known as a change agent, a global transformer and a motivational leader who brings strategic vision, high energy and passion, superior performance and profitable growth to drive a fast-growing multi-billion-dollar business. Her unmatched experience allows her to understand and address the challenges that C-level customers are facing today.

Patama loves demonstrating how technology can help their customers gain a competitive advantage and overcome their business challenges. In recognition of her unique perspective on technology's influence on business and social impact, she was an invited participant at the Global Summit of Women and led the panel at the 2019 Women CEOs Summit (Globalization 4.0 and Beyond)/ASEAN Women Entrepreneur Network (AWEN).

Throughout her career, Patama has strongly believed that when one woman helps another, amazing things can happen. Therefore, since 2001 she has been sharing her experience with others, promoting and mentoring female entrepreneurs and leaders globally both inside and organizations. This earned her the prestigious "Women Helping Women" Stevie Award in 2018. Devoted to "paying forward," she continues to be a strong advocate in supporting women's leadership causes, as well as diversity and inclusion in the workplace. She is also a member of the Advisory Board of the Office of Small and Medium Enterprises Promotion (SMEs), and a Sub-Committee in Expert in Information Management of Thailand National Smart City Board.
