TIJ Common Ground

is extremely vulnerable to climate impacts.

มีความเสี่ยงอย่างยิ่งต่อผลกระทบด้านสภาพภูมิอากาศ

**The first edition of an annual city-based climate action festival
engaging diverse constituencies in Bangkok,
the SE Asia region and beyond
in celebrating and galvanizing transformative action towards
building a vibrant, green and inclusive climate-safe future.**

**Part of a globally-recognized platform for action,
the network of 'Climate Action Weeks' backed by
leading international organizations, taking place in
London, Rio, Sydney, Dublin.**

Bangkok Climate Action Week 2025

VISION

Bangkok Climate Action Week catalyzes whole of society's action to accelerate the green transition, boosting public engagement in climate action and policymaking in Southeast Asia.

MISSION

Harness the unique power of Bangkok to demonstrate, inspire and galvanize local-to-global action towards creating a climate-safe future. Reach and engage millions in climate action, collaboration and spur breakthrough initiatives across key sectors.

OBJECTIVES 2025

ATTRACT &

ACTIVATE

ATTRACT global attention, talent, and investment to drive Bangkok's transition to a climate-safe future.

ACTIVATE local actors' and citizens' potential as climate agents.

BOOST

BOOST Bangkok's position and international reputation as a vanguard of climate solutions and destination for sustainable tourism, food, healthcare.

CONNECT &

COLLABORATE

CONNECT & COLLABORATE: connect local and regional actors and solutions. Foster collaboration, learning, and co-creation of transformative climate solutions between cities across SE Asia.

DEMONSTRATE

DEMONSTRATE "whole of society" engagement needed to support delivery of deep decarbonisation & resilience.

ENHANCE

ENHANCE the Ecosystem for just climate action in Thailand and the region.

INSPIRED & SUPPORTED BY LONDON CLIMATE ACTION WEEK (LCAW)

* Founded in 2019 in a partnership between E3G and the Mayor of London, LCAW is the largest independent climate change event in Europe.

* It's purpose is to harness the power of London for global and local climate action as London has the largest concentration of climate-focused organisations in the world.

* Annual festival that brings together world-leading array of climate professionals and communities to find practical solutions to climate change.
